Busy Spring and Summer Ahead

Well it looks like it's going to be a fun busy spring and summer. And the best part is Bob's loadside is going to be back on the road. I have the new engine running on the bench and all that's left is adjusting things up and fixing a leaky oil cooler. His truck has been on jacks for almost 3 yrs now and IT'S ABOUT TIME!! Jason and I have been working on a friend's old Ford truck and it's almost done. The Wife is doing it as a surprise birthday present for her husband.

I have to replace my emergency brake cable on my 62 and chase down a leak. Then we start on the list we have for members cars. Jason has been out of town for about a month but will be back about June 4th.

The next couple of monthly meetings should be fun. We are going to get our Corvairs out in the public eye some more. June's meeting, June 5th will be at Bridgman's at 2202 Mountain Shadow Drive up in back of the mall.

Then for our July meeting, BBQ at the Bong Memorial Park on July 3rd with a backup plan to meet at A&W if the weather does not permit. Let's get as many Corvairs as we can for both of these events!!

Another thing we have to get planning on is the trip down to Iowa Sept 1st for the fire and Ice Autocross. This year I WILL be going!! I cannot wait!

Loadside Engine Update

Well by the time this newsletter goes out I should have Bob's new engine running. Not too many things left to do in it. Cross your fingers this one has been a bugger. But it finally came together!! The loadside will be on it's wheels for the first time in 2+ years.

Corvair Cavalry Update

Well it's been a long winter but spring is coming early. That means we can get some work done on those Corvairs. I have a list of cars to be worked on and if I missed any please remind me.

1. Charlie Running
2. Don Juntunen
3. Gary Antilla
4. Jason's trike
5. Bob's Fleet
6. Ron's wagon
7. Ron's Coupe

Jason has been out of town for about a month so we will get started in early June. Give me a call if you need any help. We got backed up on our work but will catch up this spring and summer!! Thank you for your patience!!

*******Something to think about*******

I have been doing the newsletter since the club started and I'm burned out. If anyone wants to take it over I will help you and show you how it's done. I have an older computer, and our Laser jet with all the info on it to do the newsletter on. Please let me know if you are interested in the job. Or come to the June meeting and we'll chat about it. Thanks !!

HEAD OF THE LAKES CORVAIR ASSOCIATION MEETING FOR MAY 2012

Meeting was held at Joe's Pagoda in Superior, we had 9 in attendance including guests. The minutes from April meeting were read and a motion was made and seconded to accept the minutes as read.

The treasurer's report was given by Pete Prudden, no changes from the previous month except for dues. Currently we have \$528.43 in our account.

Some of our club members attended the Motor Head Madness at the DECC. This was formerly the World of Wheels. As a club we did not have an entry this year. We do want to have something for our club next year, so put on your thinking caps and send in your ideas.

The Wednesday night car club (No-Names) has started up again as of May 2nd. We want to encourage ourselves as a club to get together as a group and try to attend one of these Wednesday events.

The next order of business (most importantly) is Where Do We EAT next? It was decided that we meet and eat at Bridgemanns in Duluth for our June 5th meeting, BBQ at the Bong Memorial Park on July 3rd with a backup plan to meet at A&W if the weather does not permit. In August, usually a good time to rev our engines, we are planning to meeting at Gordy's Hi Hat.

All of our meetings start at 7PM with dining beforehand. When we have the good weather it is always nice to meet early and kick a few tires and exchange stories before eating and meeting.

Lastly ARTICLES!!!! Your story can be long or short funny or sad just get it on paper and send it to our Editor so it can be shared by all.

Our meeting was adjourned by Jason at 7:32 PM he cited we were very efficient tonight.
